We have a mistake on the hoodies – we got pullovers rather than zip-ups. Sharon will make a refund form to have people fill out if they decide they want a refund.

ASL – there are more members coming Friday night via zoom that were relying on translations.

Kevin – we will need to spotlight the ASL interpreter on zoom.

We will need an interpreter for Speakers and NA history workshop.

Kevin – this will be difficult since the ASL interpreter is virtual as well.

Can she just do the main speaker Saturday night?

Maybe we can do a side room. Kevin says this solves the issue.

We will resolve this as we move forward!

Randi – We opened the ballroom – C and D.

Moved FIPT to F and G.

Louis put in script – less than 6 at each table. Nothing specific though.

Luncheon – 10 per table.

Let's send out another e-blast. Include local meeting information – that there is local meetings available Thursday and Friday night. We have local people chairing the recovery meetings.

Copies – Mindy is sending her copies.
The Hotel rep says they will make copies for us.

How many workshops have handouts?

Mindy is the only one that has mentioned handouts.

We have plenty of markers and pens for note-taking, signing in, etc.

Kevin – I need the powerpoint presentations – for speakers

De – we have 17 virtual registrations.

We are truly grateful for the local NA community.

Mary – if they want a zoom link, they can pay for the virtual registration.

Dez – As soon as the website is released, addicts will share the links.

Kevin – it's the nature of the beast. We expect that.

Can we draft a letter stating please register for virtual registration

Program mistakes: break was mentioned as being 10:30pm – not a.m.

Rooms are incorrect since changes have been made with meeting rooms.
